

SYNAPSE RECONNECTIONS

Support Groups

Join us for a cuppa (*and stay for lunch if you choose*) and connect with others living with a brain injury as well as their carers & families living across **south-west WA**.

Reconnections groups provide those impacted by brain injury the opportunity to chat, provide support, education, and share some of your challenges, victories, as well as tips & tricks. Come and learn from other people's stories and hear about different experiences of brain injury and issues that are important to you.

You will be in a supportive space with people who understand.

DATE: Friday 17th March 2023
